SUMMARY

Motivated and detail-oriented Java Full Stack Developer with strong foundations in Java, Spring Boot, MySQL and HTML, CSS, JavaScript, Bootstrap and React JS, passionate about building scalable, user-focused web applications.

EDUCATION

PVKK INSTITUTE OF TECHNOLOGY	**2021 – 2025**
B.Tech in Computer Science and Engineering	CGPA – 7.6
SAPTHAGIRI JUNIOR COLLEGE	**2019 – 2021**
Board of Intermediate Education, Andhra Pradesh	Percentage – 90.3%
MJPAPBCWREIS SCHOOL, ANDHRA PRADESH	**2019**
Board of Secondary Education, Andhra Pradesh	CGPA – 9.5

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, HTML, CSS
Frameworks & Libraries: Spring Boot, Spring MVC, React JS, Bootstrap
Database: MySQL
Tools & Platforms: Git, Maven, Postman, VS Code, Eclipse
Core Concepts: OOPs, REST APIs, Microservices Architecture, Exception Handling, Collections Framework, Database Design

MINI PROJECTS

Online Shopping Application | HTML, CSS, JavaScript, Bootstrap

- Developed a fully responsive online shopping website that enables users to browse products through categories, add items to cart, and view cart details dynamically.
- Implemented product listing, category-based filtering, and cart management using JavaScript for seamless, real-time updates. Deployed on Netlify with GitHub integration.

Personal Portfolio Website | HTML, CSS, JavaScript

- Built responsive a personal portfolio to showcase projects, technical skills with a clean UI and modern CSS styling.
- Deployed the website on Netlify for easy public access and professional presentation.

MAJOR PROJECTS

AI Based Medical Chatbot for Infectious Disease Prediction

- The project involves the development of a medical chatbot that uses artificial intelligence and natural language processing to assist users in identifying potential infectious diseases based on their symptoms and risk factors.
- The system is designed to provide users with preliminary health insights, recommend appropriate next steps (such as visiting a healthcare provider), and offer basic health tips.

INTERNSHIPS

Java Full-Stack Development Intern | *Vaultsphere AI Technologies Pvt. Ltd.* **Dec 2024 – Apr 2025**

- Gained hands-on experience in full-stack development using Java, Spring Boot, HTML, CSS, JavaScript, and database technologies.
- Designed relational database schemas, wrote optimized SQL queries, and managed data persistence using Spring Boot & JPA.
- Demonstrated adaptability, problem-solving abilities, and continuous learning mindset throughout the internship.

CURRICULAR ACTIVITIES & CERTIFICATIONS

- *Java Full Stack Development Certification – Kosmik Technologies, Hyderabad (2025).*
- Received a certificate on **"Java In-Depth: Become a Complete Java Engineer"** by **Udemy,** April 2025.
- Received a certificate on **"Full-Stack Web Development Bootcamp"** by **Udemy,** May 2025.
